The Lullaby Trust invites you to a Training Workshop
Sudden Infant Death: Caring for Bereaved Families
8th May 2014 - 1pm – 4 pm
St David’s Hospital, Cowbridge Road East, Cardiff CF11 9XB

Dr Paul Davis
Consultant Paediatrician,
Cardiff & Vale UHB

Kat Gooding
Staff Nurse, Paediatric EU
Cardiff & Vale UHB

Sandra Price
Regional Development Officer,
The Lullaby Trust

The Lullaby Trust provides support when a baby or toddler dies suddenly and unexpectedly. The death is a terrible shock and can be one of the most distressing events to ever happen. As sudden infant death figures have declined professional involvement in these cases has become less frequent. The aim of the workshop is to give professionals the knowledge and confidence to work with families who have suffered a sudden infant death.

Objectives

- Gain knowledge of the procedures around a sudden and unexpected death
- Consider the ongoing support needs of families
- Understand what The Lullaby Trust can offer to support families and professionals

Who is the workshop aimed at?
Any professional with an interest in the ongoing support of bereaved families following a sudden infant death: Health Visitors, bereavement support Midwives, Bereavement Counsellors, GPs, Police, Coroners Officers, A & E staff.
